

In my opinion the action of Sinclair Broadcast Group's to allow what is nothing more than political advertising to be broadcast on through their station is deplorable.

They are directly influencing the outcome of the election through molding people thought rather than allowing the American people to think for themselves .

To show this kind of thought manipulation by showing in a movie theatre is one thing but to do it as a television news spot goes beyond propaganda and should not be allowed.

We in this country should be the torch bearer of democracy and only by upholding democracy can we save lives and influence others to model themselves after us.

What Sinclair is doing is not only deplorable but anti-America.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away,

it's more important
that we see real
people from our own
communities and more
substantive news
about issues that
matter.

Sinclair's actions
show why we need to
strengthen media
ownership rules, not
weaken them. They
show why the license
renewal process
needs to involve
more than a returned
postcard. Thank you.
